Carpentry

ACCREDITED CAREER TRAINING

No out-of-pocket costs

Graduate in only 20 weeks

No degree or experience required

REIMAGINE YOUR FUTURE!

OVERVIEW

Carpenters measure, cut, shape, and install building frameworks. With employers seeking residential and commercial carpenters, you may perform different tasks or specialize in a few to bring the blueprints to life. Our hands-on training will provide the personalized learning, career advice, and strong employment connections you need to step into a successful career.

With the help of skilled carpentry instructors, you'll gain the skills necessary to become an entry-level carpenter, either with a union or non-union employer.

YOU WILL LEARN

- Teamwork / Collaboration
- Blueprint Reading
- Introduction to Construction Safety
- Hand & Power Tools
- Construction Math
- Building Materials
- Floor / Wall / Stud Framing
- Concrete Framework
- Finish Carpentry
- Commercial Construction
- Project Management
- Construction Estimating
- Drywall Installation
