Electrician

ACCREDITED CAREER TRAINING

No out-of-pocket costs

Graduate in only 20-weeks

No degree or experience required

REIMAGINE YOUR FUTURE!

OVERVIEW

Electricians install and maintain all of the electrical and power systems for homes, businesses, and factories. With employers actively seeking residential and commercial electricians, you may perform different tasks or specialize in a few to bring the project to life. Our hands-on training will provide the personalized learning, career advice, and strong employment connections you need to start your long and successful career.

With the help of skilled electrician instructors, you will gain the necessary skills to become an entry-level electrician, either with a union or non-union employer.

YOU WILL LEARN

- Electrician Trade Terms
- Electrical Panel Terms
- Residential Wiring
- Commercial Wiring
- Pipe Bending
- Electrical Safety
- Electrical Theory
- Electrical Circuitry
- Hands-on Installation Electrician Training
- Print Reading
